### HISPANIC OUTREACH PROJECT

The Hispanic Outreach Project supported Spanish-speaking families and providers by making available translated parent and provider resources, providing Spanish child care referrals and offering assistance to Hispanic child care providers looking for professional development and technical assistance opportunities. OCCRRA also organized the 12th Annual Hispanic Provider Conference in Oklahoma City where providers from different areas of the state received eight hours of training in Spanish. The theme for this conference was "I Got the Power" where Lety Valero, a Mexico City native and expert trainer in Conscious Discipline, taught how to empower children to express and manage their own feelings through different techniques.
